FINAL APPROVAL

Ref: 022-198

Title: National Confidential Enquiry into Patient Outcome and Death (NCEPOD) Prison Healthcare Study

Dear Neil,

The National Research Committee (NRC) is pleased to provide final approval for your research project. The terms and conditions below will continue to apply to your research project.

Following NRC approval, the decision to grant access to prison establishments or Probation Service regions (and the offenders and practitioners within these establishments/regions) ultimately lies with the Governing Governor/Director of the establishment or the Probation Service Regional Probation Director of the region concerned.

If establishments/regions are to be approached as part of the research, a copy of this letter must be attached to the request to prove that the NRC has approved the study in principle. The decision to grant access to existing data lies with the Information Asset Owners (IAOs) for each data source and the researchers should abide by the data sharing conditions stipulated by each IAO.

Please note that a MoJ/HMPPS policy lead may wish to contact you to discuss the findings of your research. If requested, your contact details will be passed on and the policy lead will contact you directly.

Please quote your NRC reference number in all future correspondence.

Yours sincerely,

Karen Morgan
National Research Committee
